River Region Chamber of Commerce.*

Mountains, and the vast north woods... Four Seasons of Fun!

Maine's Hidden Treasure

The Jackman-Moose River Region Chamber of Commerce invites you to visit our world of scenic beauty and quiet splendor. Whatever season you choose, there's something for everyone to enjoy.

SPRINGTIME offers some of the best fishing to be found in the northeast; SUMMERTIME is delightful with moderate daytime temperatures and evenings just right for sleeping after a day of boating, canoeing, kayaking, whitewater rafting, mountain biking, ATV riding, or just enjoying a good

book; FALL with its spectacular palette of colors ushers in the bird, bear, deer and moose hunting seasons. Shortly thereafter, WINTER descends and the valley becomes a wonderland for cross

country skiing, snowshoeing, ice fishing, and snowmobiling on hundreds of miles of scenic groomed trails.

Whether you're looking for great recreation or peaceful relaxation, what could be better than time in the great outdoors!

An excerpt of our ATV/

15.5 miles

Biking Map

ATV & Four Wheeling

You will find some of the best ATV trails in Maine in the Jackman-Moose River Region. Over 300 miles take you through unspoiled wilderness and up to scenic vistas. From Jackman, you can ride south to The Forks, east toward Rockwood, or north to the Canadian border into Quebec.

ATV trails are open May to November and are accessible from most merchants in our community. Members of the Border Riders Club are welcome to park your trailer at the Border Riders Clubhouse just north of town.

Trail maps are available at the Chamber of Commerce Booth & at many local businesses in town. Our trails are clearly marked to provide hours of safe and fun riding. Guided tours are also available with some local merchants.

To cross the border into Canada, you will need your ATV registration, passport and insurance. Visit the **US Customs & Border Protection site for details.**

You are permitted to ride U.S. Route 201 in town from Attean road to the bank from 830am to dusk following these rules: ride the breakdown lane, no more the 15mph.

Note: Maine Law requires that you ride on marked designated trails only, unless you have written permission from the landowner. The landowners in this area have been very generous about public use. Please show respect to these private landowners who allow free access on their land by treating the land as if it were your own.

ATV Registration

Purchase locally at:

Bishop's Store, 464 Main Street,
Jackman, ME 04945; 207-668-3411

Town of Jackman, 369 Main Street,
Jackman, ME 04945; 207-668-2111

BOAT/CANOE & KAYAKING

Canoeing and kayaking in the Moose River Valley is a very popular activity. We have many ponds, such as Big Wood, Attean, Long Pond, and Holeb, as well as the Moose River which connects our ponds.

Public landings are conveniently located on Big Wood Pond and Attean Pond. There are many spots along the shores that offer great places to stop for a swim or picnic lunch.

Boat rentals are available at several businesses in town.

Standup surfboards, windsurfing and sailboating are also popular activities.

Moose River Bow Trip

The Jackman Region is home to the famous Moose River Bow Trip, a 34-mile excursion through some of Maine's most scenic land. The trip begins on Attean Pond, snakes along the river through Holeb, and ends back at your starting point. Two portages are required, each approximately one mile long and clearly marked. There are 21 campsites scattered along the route. Fire permits are required and can be obtained by calling 1-207-827-1800.

More information and maps can be obtained at our information booth.

OPEN WATER & ICE FISHING

Even the most diehard fisherman will have fishing tales after trying his luck in the variety of lakes, rivers, streams, ponds, and brooks that surround the Jackman-Moose River area.

In the Spring, after ice-out in late April or early May, the ponds and streams produce great open water fishing opportunities. Some of our businesses offer boat rentals or tours.

In the Winter, Big Wood Pond becomes its own village dotted with ice shacks with smoke curling out of the stove pipes. Bring your own shack or rent one locally. Experience the excitement of the flag popping up with your winter

catch of salmon, splake, trout, or cusk.

For a truly unique experience, hire a local guide or float plane to take you to remote ponds.

Note: licenses are required although Maine does offer free fishing days each season. Be sure to pick up the Department of Inland Fisheries & Wildlife's regulation books.

FALL FOLIAGE

Leaf Peeping

The fall season brings this region a rainbow of colors unsurpassed in the northeast, a true feast for the eyes and the camera.

Leaf Peeping from your ATV

There are miles of trails that could take you wherever you want to go. Ride up to the North Loop where on a clear crisp day, you may see over to Brassua, Mt. Kineo and Moosehead. Imagine the color palette from that point of view.

Leaf Peeping while Hiking

From the top of Sally Mountain, you can

see down over Attean Pond.

From Boundary Bald Mountain, there are outstanding views in every direction such as the peaks of Slidedown Mountain marking the border of Maine and Quebec Canada.

Best Time to Visit

Peak fall foliage usually occurs from late September to early October.

From the summit of Burnt Jacket Mountain, you can see the whole Moose River Valley.

Leaf Peep and Paddle

Imagine paddling along a crystal clear pond on a sunny day, seeing color all around you against the blue skies. Some of the best paddling opportunities are on Parlin, Attean, Big Wood or paddle

down the Moose River to Long Pond. Or try a whitewater rafting trip on the Kennebec.

For more remote areas, drive out Holeb road to Crocker Pond or Little Big Wood.

Leaf Peep and Fly

An aerial view presents Mother Nature's finest against the backdrop of blue waters from the many ponds in Maine's mountains. The region offers plane tours with takeoff from water or land.

HIKING/BIKING

Jackman is surrounded by majestic mountains including Sally Mountain, Burnt Jacket Mountain, Owls Head, and Boundary Bald Mountain. There are many trails that offer moderate to strenuous hiking. The effort to get to the summit is paid off by the breathtaking views. Don't forget your camera!

Biking

There are seemingly endless mountain bike trails ranging from moderate to strenuous to enjoy. You can ride along ATV trails or follow paths near lakes and streams. Remember at some point, you may be biking on active logging roads. Be sure to watch for trucks...they have the right of way!

Scenic Waterfalls

With all the streams in the area, there are many small falls you can find while

exploring by bike or foot. Here are a few favorites.

Cold Stream Falls

A short drive from the Coburn trailhead. A cool dip in the pool after the hike may be what you need.

Moxie Falls

One of the highest set of falls in New England: the main drop is over 80 feet, which plummets into a deep slate gorge.

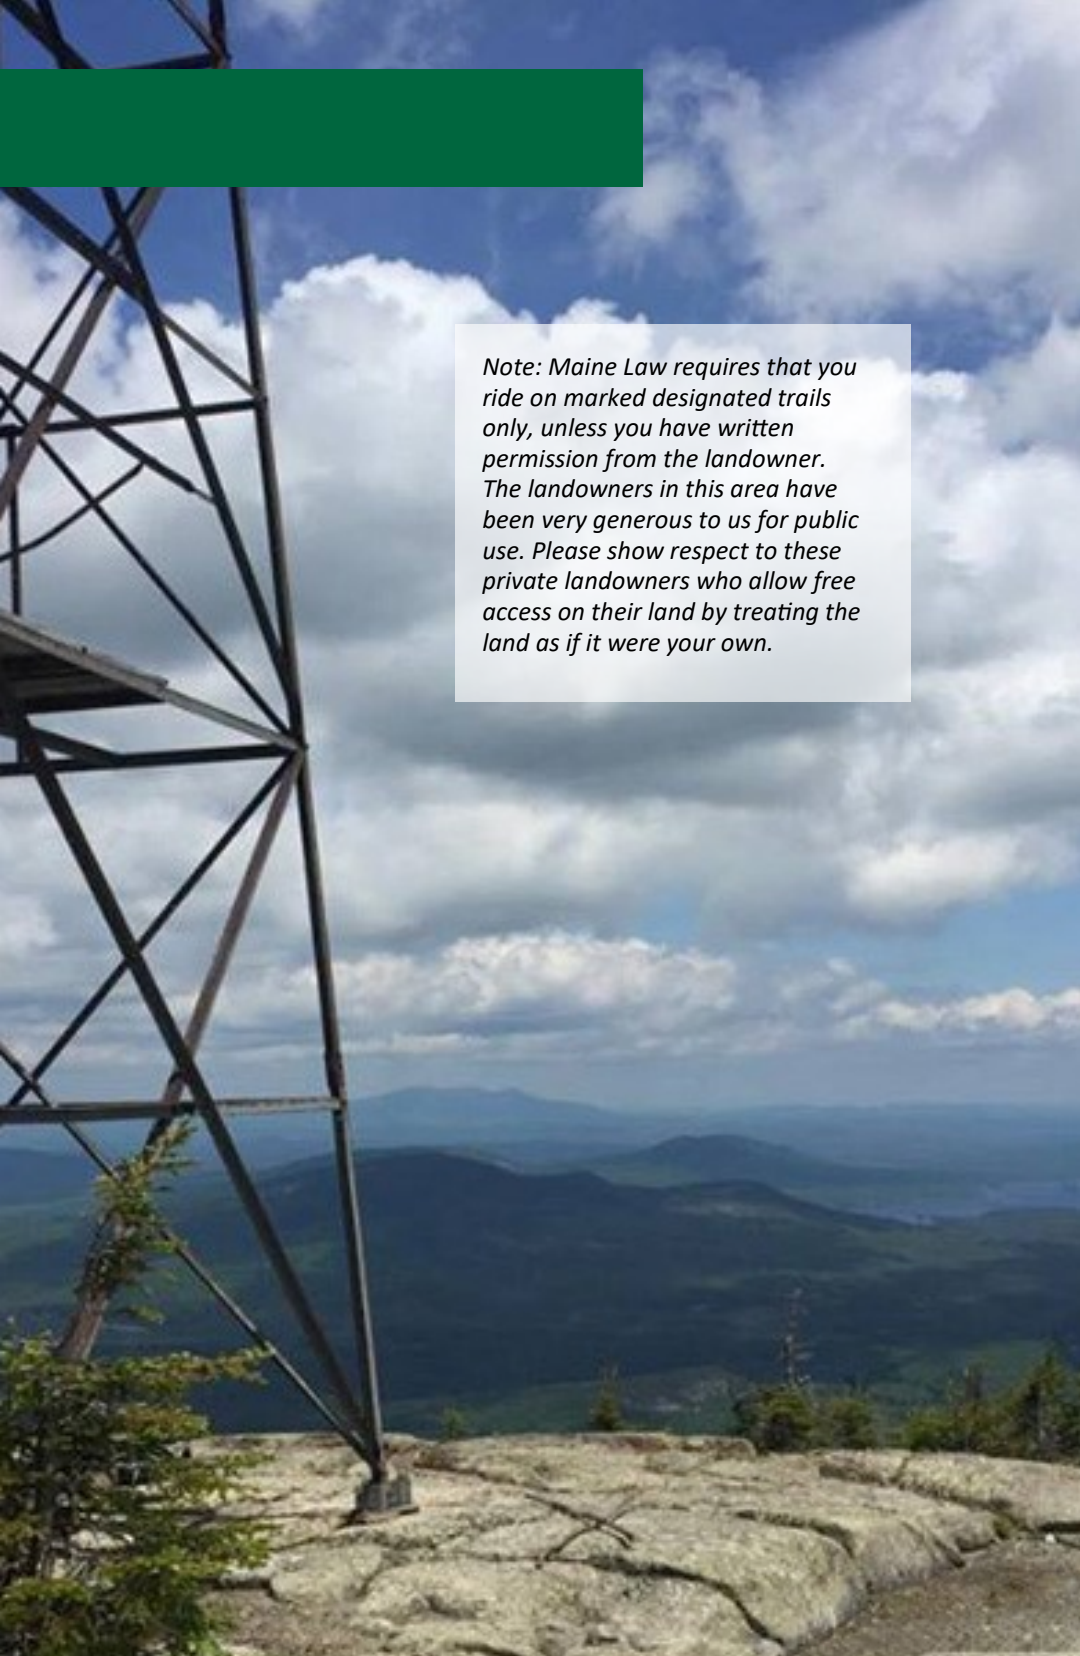

The Falls

At the rest area on Rt.201, just north of town, The Falls are easy to see. If you want to venture down to the stream, watch your step.

No matter how you choose to explore, take along the appropriate gear for navigation and weather changes and of course, plenty of water. Pack a picnic lunch to enjoy while you soak in the views at the summit.

Visit jackmanmaine.org or our chamber booth in town for maps and directions.

TRAIL	DISTANCE	DIFFICULTY	NOTES
Sally Mountain	4.8 miles	Moderate	Views of Attean Pond
Boundary Bald Mtn	2.6 miles	Strenuous	Views of Moose River Valley
Coburn Mountain	1.1 miles	Strenuous	Cold stream falls
Moxie Falls	0.9 miles	Very Easy	Falls boast a drop of > 80 feet
Number Five	2.3 miles	Moderate	View neighboring Mountains and #5 bog

A scenic view of a mountain landscape. In the foreground, a large, dark metal tower structure, possibly a radio or observation tower, is visible on the left side, extending from the bottom left towards the center. The ground is rocky and uneven. In the background, there are rolling green hills and mountains under a blue sky with scattered white clouds. A semi-transparent white box containing text is positioned in the upper right quadrant of the image.

Note: Maine Law requires that you ride on marked designated trails only, unless you have written permission from the landowner. The landowners in this area have been very generous to us for public use. Please show respect to these private landowners who allow free access on their land by treating the land as if it were your own.

SNOWMOBILING AND SNOWS

The Jackman Moose River Valley gets the snow first and loses it last! An

extensively well groomed and maintained trail system ensures your enjoyment of our beautiful north woods

in the winter time.

Long known as the "hub" of snowmobiling, Jackman trails connect you with The Forks area to the south, Rockwood & Greenville

Weyerhaeuser

Fairfield Office

207-453-2527

SHOEING

to points east, Canada to the north and Eustis & Rangeley to the west. Trails are varied and suitable for family riding, flat high speed riding, twisting through snow covered trees along streams, and climbing mountains.

A variety of restaurants, many fine lodging establishments, and the best snowmobile dealership in the northeast make the Jackman Moose River Region your perfect snowmobiling playground.

The region is known for its hiking trails that travel through forests and up mountains offering nature's beauty and scenic vistas, but hiking is not only a three season sport. Put on your snowshoes and experience the quiet and serenity of the snow-covered

landscape this region has to offer, even in the winter. It can be taking a leisurely walk in the snow, a casual hike in the woods, an overnight backpack trip, or a climb up to Bald Mountain. "You do not have to purchase a ticket to enjoy nature".

HUNTING

Looking for a trophy buck over 200 pounds, a large black bear, a big bull moose, or various other small game animals like birds, coyotes or rabbits? You will find them here.

Deer hunting begins in late October and runs through November. You may hunt during different parts of the season with bow & arrow, rifle, or muzzle loader.

Moose hunting, by permit only, is usually during the second week of October in this region.

Black bears are plentiful in the area and hunting from August to November is done over bait and with dogs.

Partridge hunting along countless miles of woods roads is excellent and rabbits are plentiful during the October to March hunting season.

Coyotes are a wily predator and hunting them presents an exciting challenge.

Contact one of our local guides for the

best chance to get that trophy buck, big Bull Moose or large black bear.

Check with the Maine Department of Inland Fisheries & Wildlife rule book for exact season dates.

The Border Riders Club is an outdoor recreational sportsman's club located in the Jackman-Moose River area. Their intent is to provide access to our great wilderness to all outdoor enthusiasts via ATV or snowmobile, by pedaling or hiking, with a pole to fish or a rifle to hunt. They are able to

do this with the help and cooperation of landowners in the area, merchants' support and many volunteers.

If you enjoy our trails, winter or summer or just want to support the club, become a member. As a club member, you have access to its shooting range as well as the clubhouse for events. Visit <http://borderridersclub.com/> for more information.

MORE FUN THINGS TO DO

Maple Syrup/Sugar Camps

Our region is part of the largest maple syrup producing county in the state. Visit Maple farms early spring when the sap is running to see how syrup is made and try some snow taffy.

Berry Picking

Wild blueberries, strawberries, blackberries and raspberries are abundant. A treat to find when hiking.

Moose Watching

Traveling in a 15 mile radius from downtown Jackman will provide the opportunity to see these majestic creatures in their natural habitat.

Bird Watching

Fifty different species of birds, including the bald eagle, gray owl and blue heron, were recently spotted during a one week time frame in our area.

Camping

In addition to camping facilities in and near town, you can camp remotely by the river, near streams, in the open forest, or take a boat to a camp along Attean and Big Wood Ponds.

Please inquire with land owners and obtain fire permits before putting up your tent.

Golf Course

Two miles north of the railroad tracks in Jackman you will find a challenging 9 hole, 1,976 yard, par 31 golf course,

located in the Town of Moose River.

The course is open from spring to fall. No reservations needed. Golf lessons, club/cart rentals are available.

Historical Museum

The museum is located on Main Street just before the bridge that crosses the Moose River (if headed north).

It is operated by the Jackman-Moose River Valley Historical Society and is open on most weekends from Memorial Day to late September.

Newton Field Airport

The airport has 2,900-foot paved runways: 13 and 31. The coordinates are N45 -37.9; W070-14.8 at an elevation of 1,176 feet. Lights are activated using the local com frequency of 122.9 in 3, 5 or 7 click sequence for intensities. Fuel is available with a credit card. For more information call the Jackman Town Office 207-668-2111.

Moose River Seaplane Base

Located on the Moose River and the outlet of Big Wood Pond just West of Newton Field Airport.

Landing lanes are in Big Wood Pond with a short taxi to docks on the river which offer limited tie down space. There is one cluster of rocks on the lake south of the mouth of the river.

Local com frequency of 122.9 is used.

Scenic Byway

Located in the Forest Highlands region, Jackman is just about the mid-point of the Kennebec-Chaudiere International Heritage Corridor, which stretches approximately 230 miles from Bath to Quebec City.

The Byway is one of the most stunning places in the northeast. It winds right alongside the Kennebec River, Wyman Lake, the Dead River, and vast forests. Stop at the different rest areas to read about the history of the region. The Attean Overlook Rest Area, just south of Jackman, is one of the finest views in Maine.

For more info about the Corridor and the Byway, visit:
www.kennebecvalley.org and search for Scenic Drives.

Whitewater Rafting

Maine guarantees whitewater for an extended season from late April to mid-October due to dam controlled releases. The 12-mile Kennebec River trip begins on Indian Pond and roars for four miles of Class IV rapids through the impressive Kennebec Gorge. The last part of the trip includes smaller

rapids and good spots for a swim.

The Dead River provides the longest stretch of continuous whitewater in the East. This 16-mile trip begins at Grand Falls and runs through Class IV and V whitewater to the confluence of the Kennebec River in the Forks.

Day Trips

While staying in Jackman, consider a variety of day trips. Quebec City is only a 2 hour drive from Jackman, or drive over to Rockwood or Greenville and take a scenic boat ride on Moosehead or just 30 minutes south and go white water rafting.
